MARIOS SIRTMATSIS

COMPUTER SCIENCE STUDENT AT ULM UNIVERSITY

Edelweissweg 22, 89269 Voehringen, Germany

+49 176 76880760 | marios.sirtmatsis@hotmail.com | linkedin.com/in/msirtmatsis | github.com/masirt

EDUCATION

Ulm University, Faculty of Engineering, Computer Science and Psychology — Ulm, Germany

B.Sc., Computer Science — *Oct. 2018 – Aug. 2021*

- Grade: 1.9
- Relevant Coursework: Deep Learning for Graphics and Visualization, Graph Analytics and Deep Learning, Algorithms and Data Structures, Information Systems, Applied Stochastics 1, Applied Discrete Math

RELEVANT PROFESSIONAL EXPERIENCE

Ulm University, Institute for Software Engineering and Programming Languages — Ulm, Germany

Tutor for Interactive Systems Programming — *Apr. 2021 – Jul. 2021*

- Collaborated with 13 other tutors and a teaching assistant to give tutorials, grade coursework and answer questions of more than 300 students

Ulm University, Institute for Theoretical Computer Science — Ulm, Germany

Tutor for Algorithms and Data Structures — *Oct. 2020 – Feb. 2021*

- Collaborated with 9 other tutors and a teaching assistant to give tutorials, grade coursework and answer questions of more than 250 students

Daimler TSS GmbH, Information Security Team — Ulm, Germany

Working Student in Information Security — *Jul. 2019 – Jun. 2020*

- Developed a dashboard for automated evaluation of asset management data with **Python** (**dash** and **pandas**)
- Organized a cyber security day with more than 200 participants
- Lead the integration of a security awareness measure (OWASP card game) by having game sessions with three software development teams

SKILLS

Programming Languages

Python, Java, SQL, TypeScript, JavaScript, HTML, CSS, Haskell, Prolog, CHR

Tools & Frameworks

TensorFlow, Keras, PyTorch, Python libraries (e.g., pandas, numpy, scikit-learn, matplotlib), JavaScript Frameworks (e.g., D3.js, Vue.js), Docker, Git, Jira, Confluence, MS Office

Other technologies

Machine Learning, Deep Learning, Agile Methodologies, Algorithms and Data Structures, Computer Networking, Databases, Linux/Unix, Statistics

Languages

German (C2), Greek (C2), English (C1), French (B1/B2)

Soft Skills

Critical Thinking, Leadership, Emotional Intelligence, Growth Mindset

PROJECTS AND LEADERSHIP

Ulm University, Institute for Databases and Information Systems — Ulm, Germany

Shortest Path Distance Approximation (SPDA) using Deep Learning Techniques — *Apr. 2021 – Aug. 2021*

- Improved on SPDA upon Mean Average Error by ~0.05 (55%) on multiple graph datasets by implementing a sophisticated Neural Network architecture using **Keras** and **scikit-learn**
- Compared 3 different graph embeddings and Graph Convolutional Neural Networks on the task of SPDA and proposed SPDA as a new evaluation metric for structural preserve of graph embeddings

Ulm University, Visual Computing Group — Ulm, Germany

Visualizing Deep Reinforcement Learning — *Dec. 2020 – Aug. 2021*

- Designed and created a visualization tool for Deep Reinforcement learning to increase interpretability of Deep Reinforcement Learning Algorithms with **Vue.js** and **D3.js** for frontend development and **Python** for backend as part of a bachelor thesis

Ulm University, Institute for Software engineering and Programming Languages — Ulm, Germany

Software Construction Project — *Jan. 2020 – Jul. 2020*

- Developed a multiplayer game by implementing a client-server-based application with **Java** in a team of 6 students
